kravet®

LEE JOFA®

Brunschwig & Fils®

We love to see how designers incorporate our fabrics into projects for their clients, and we love to share the finished product with others on our online photo gallery called **DESIGN SHARE**. This gallery is a source of inspiration for designers, as well as a great showcase for your work.

Here are the benefits of sharing your design project on **DESIGN SHARE**:

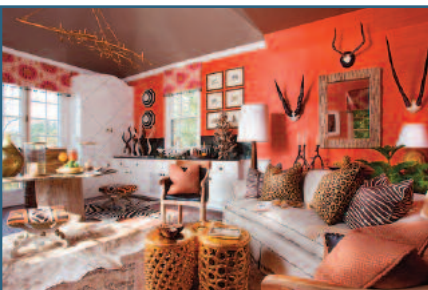

- Featured as the main showcase for a week
- Your work is given exposure through our high-traffic websites
- Provide opportunities for business

If you are interested in submitting your photos for use on **DESIGN SHARE** or any of our other social media, including our blog, here are the requirements:

1. Image/s of room settings showing 50% of our products in JPEG format
2. Item description and corresponding Kravet, Lee Jofa or Brunschwig product ID
3. E-mail the images and the information to:  
[mydesignshare@kravet.com](mailto:mydesignshare@kravet.com)
4. A consent release form will be emailed to you after we receive your submission. Please e-mail the completed form to [mydesignshare@kravet.com](mailto:mydesignshare@kravet.com). This is a requirement before your project is featured on Design Share
5. A current Kravet, Lee Jofa or Brunschwig account

Please save your images in their original high-resolution format for print purposes.

Notice: The projects depicted may include depictions and descriptions of products that were not supplied or sold by Kravet, Inc. With respect to such non-Kravet products, no representations or warranties are hereby made by Kravet regarding their quality or the rights of ownership of any tangible or intangible aspects of such products, all of which representations and warranties are hereby expressly disclaimed. Kravet further disclaims any and all responsibility any third party in relation to the depiction of the projects in the DESIGN SHARE program.
