## A New Collection of Classic and Contemporary Stripe Designs

Cole & Son has paid tribute to great British days out with the launch of **Festival Stripes**. This collection is inspired by the marquees, racing colours and blazers found at the most loved and quintessentially British festivals.

Working well in both contemporary and classic settings, this new collection raises the standard for sophisticated and distinguished interiors; offering a range of twelve designs and a total of fifty-six crisp and modern colour ways. From the smart traditional feel of the **Cambridge Stripe**, available in six stunning colours including a drawing room red on sand and striking black and white, to the bold 'tent' stripe design of **Glastonbury Stripe** in fresh pastels on pale ivory backgrounds, this chic wallpaper collection will provide an elegant backdrop in any room.

**Festival Stripes** contains a mix of new youthful stripe designs along with a selection of Cole & Son classic designs that have been re-coloured to provide a fresh and modern take on the great British stripe.

Cole & Son Managing Director, Simon Glendenning, comments "Our new designs are a simple yet elegant choice when looking to add excitement without creating boundaries. **Festival Stripes** explores new colour combinations which will liven up even the dullest of spaces."

# Festival Stripes

## Cambridge Stripe

This smart and well-proportioned university stripe is presented in six timeless colour ways, including a drawing room red on sand and a striking black and white. Some colour ways incorporate a hint of opulence with fine metallic edges.

## Jubilee Stripe

Inspired by Cole & Son's successful Carousel design, the Jubilee Stripe is offered in five separate colour ways, including soft greens, lilacs and French navies, in addition to three soft metallic colourings in warm bronzes, golds and coppers accentuated by silvers and tarnished pewters.

## Epsom Stripe

Namesake of one of the most famous horse races in the world, The Derby, this is a neat understated pinstripe on softly textured grounds of pearled ivory, grey, lavender and eau de nil.

## Glastonbury Stripe

An exuberant 'tent' stripe on pale ivory backgrounds, this bold motif is printed in five refined colourings of ivory, olive, lilac, cream, blue and an especially striking ultramarine.

## Wimbledon Stripe

A Cole & Son classic, this blazer stripe is enlivened with six definitive colours, including drawing room reds, deep slate, yellows and neutrals.

## Chepstow Stripe

Inspired by the Monmouthshire landscapes in Wales and home to the Chepstow racecourse, this paper is a delicate yet sophisticated 'all-over' design, which features fine metallic threads in two tones over chalky grounds. Polished shades of gold, bronze, silver and pewter accompany earthy hues of stone, charcoal, olive and lilac.

## Pavilion Stripe

Another Cole & Son classic modified in six new colour ways. A smart surface printed 'four over' stripe Pavilion is available in a range of soft metallics on chalky grounds of drawing room red, Chinese yellow, parchment white and inky blue.

## Pembrey Stripe

A flamboyant new design named after the famed racing circuit in Wales, featuring a multi-width stripe in a variety of colour duos, including soft camel and silver, classic nautical blue and white as well as a racier viridian green on charcoal.

## Cheltenham Stripe

A narrow, evenly spaced stylish stripe printed on gently textured base paper. Available in soft neutral tones of dove grey, ivory, linen and charcoal, emphasized by bands of elegant metallic.

## Edinburgh Stripe

Named after the prominent cultural arts festival, the design is a reinterpretation of the classic Jaspe and comprises six new muted colour ways. Highlighting soft tones of olive, lilac, stone, sand and ivory, it portrays a dragged brush effect, reminiscent of Cole & Son's early handmade papers.
