GENERAL INFORMATION

Polypropylene is a man-made resin from which small pellets are created, solution dyed and then shaped into flexible yarn. Characteristics include: superb strength, colorfastness and soft texture. It is non-allergenic, has a tolerance for water or moisture and resistance to staining, fading, mold, mildew, abrasion and sunlight. It is sustainable and recyclable.

This is a handmade product, variations in overall size up to 3%-5% and texture may occur. Weave lines, shear marks, and striations may appear in the carpet or rug. Slight color striations, shading or watermarks are a normal occurrence. These natural irregularities are inherent characteristics of handmade carpets and are not to be considered manufacturing defects. DO NOT PULL loose fibers. Rugs/samples may oxidize over time.
