Acknowledgements:

All orders are taken subject to acceptance by Kravet Furniture and our formal acknowledgement stating the terms, correct prevailing prices and certain conditions of sale. It is the client's responsibility to ensure that the acknowledgement is correct.

Standard Packing:

All Kravet Furniture is packed to exceed standard requirements.

Full Carton and Crate. Please call for a quote.

FABRIC/TRIM

Grading:

- All Kravet, Lee Jofa and Ralph Lauren Fabrics that are suitable for upholstery are graded into all Kravet Furniture.
- Some Kravet, Lee Jofa and Ralph Lauren Fabrics are not suitable for all products and are not graded but are available separately at Grade 5.
- COM is Grade 5.
- Trim is not able to be graded

Application:

All fabrics are applied in a fully 4 way horizontal and vertical match based on an Up the Bolt direction. In the absence of instructions, fabric will be applied to the best judgment of the factory. Kravet Fabrics will be applied as swatched.

Backing:

- Synthetic or knit backing is recommended to prevent unraveling at seams. Backing is already included on graded fabrics when required. If backing is required on ungraded Kravet Fabrics it will be applied at no cost to the customer but will delay production 10 business days.
- Delays: Backing after receipt of fabric will delay production 10 business days.
- Backing required on COM fabric is the responsibility of the customer but available through Kravet at the following cost:
 - Synthetic backing: \$5/yd @ \$125 minimum
 - Knit backing: \$15/yd @ \$125 minimum
 - Nanotex: \$3.50/yd @ \$125 minimum
 - Nanotex with Durablock: \$8/yd @ \$150 minimum
 - Teflon: \$3.50/yd @ \$100 minimum
 - Flame Proof: \$4/yd @ \$120 minimum

Inspection:

- All Kravet Fabrics are inspected before they are shipped to the factory and again on receipt at the factory. If there is a defect we will correct immediately and advise the customer only if there is an issue affecting the order's timeliness.
- COM fabrics if pulled from production will be returned to the customer for replacement.

Suitability:

- Fabrics not suitable for upholstery will not be guaranteed for appearance or durability.
- Kravet cannot guarantee any fabric for wear or durability.

COM REPEAT CHART

Plaids: Add 10% after calculation

Stripes: Use the horizontal repeat

WIDTH	PLAIN	1-7"	8-13"	14-21	22-27"	OVER 27"
54	0%	10%	10%	25%	30%	40%
50-53	10%	30%	30%	40%	45%	55%
48-49	20%	30%	30%	40%	45%	55%
45-47	20%	70%	70%	80%	85%	105%
36-44	40%	70%	70%	80%	85%	105%

The chart above covers most fabric repeats. However, unusual patterns will require additional fabric - i.e., halfdrops, sidedrops and borders. If your fabric (Kravet or COM) requires additional yardage to produce the most pleasing match, we will contact the customer for the additional yardage.

LEATHER

Grading:

- COL pricing and square footage is noted separately.
- LB Value Leathers include a limited selection of aniline leathers. They are aniline dyed corrected and protected natural leathers. Good hand. Most natural markings hidden, more uniform color. Cleaning: Code P. Resistance to fading is high. Average Hide Size: 48 sq. ft. • \$30 per sq. ft. retail. "LB" Value leathers are applied with as few seams as possible, however depending on the applications and/or the size of the area to be upholstered, seams will be included and unavoidable.

• "LB" Value Leather available:

P/Black	P/Navy	P/Vintage
P/Brandy	P/Sable	P/White Sands
P/Brownstone	P/Sage	S/Moonbeam
P/Chocolate	P/Scarlet	S/Oyster

CUSTOM QUOTES:

Custom Quotes must be reviewed for suitability by Kravet Furniture before acceptance for production. Kravet Furniture will produce a custom piece as requested to the best of its ability but reserves the right to refuse to produce an unsuitable custom request. Due to the research on each custom quote, quotes will be reviewed and prepared within 36 hours of receipt.

*PRODUCT CARE

To ensure the longevity of your Kravet Occasional follow the guidelines below:

- Dust frequently with a soft cloth in the direction of the wood grain.
- Clean surfaces with a damp cloth and then dry immediately with a soft cloth, lightly buffing the piece in the direction of the grain. Do not use any chemicals.
- We recommend the use of coasters, placemats, tablecloths and table pads when eating, drinking or writing on your furniture. Blot all spills immediately, and keep solvents, alcohol, nail polish and polish removers away from furniture surfaces.
- Use protection when placing items of cold or hot temperatures on the furniture surface.
- Do not expose pieces to continual, direct sunlight.

*Product Care Instructions for Acrylic Tables are available upon request

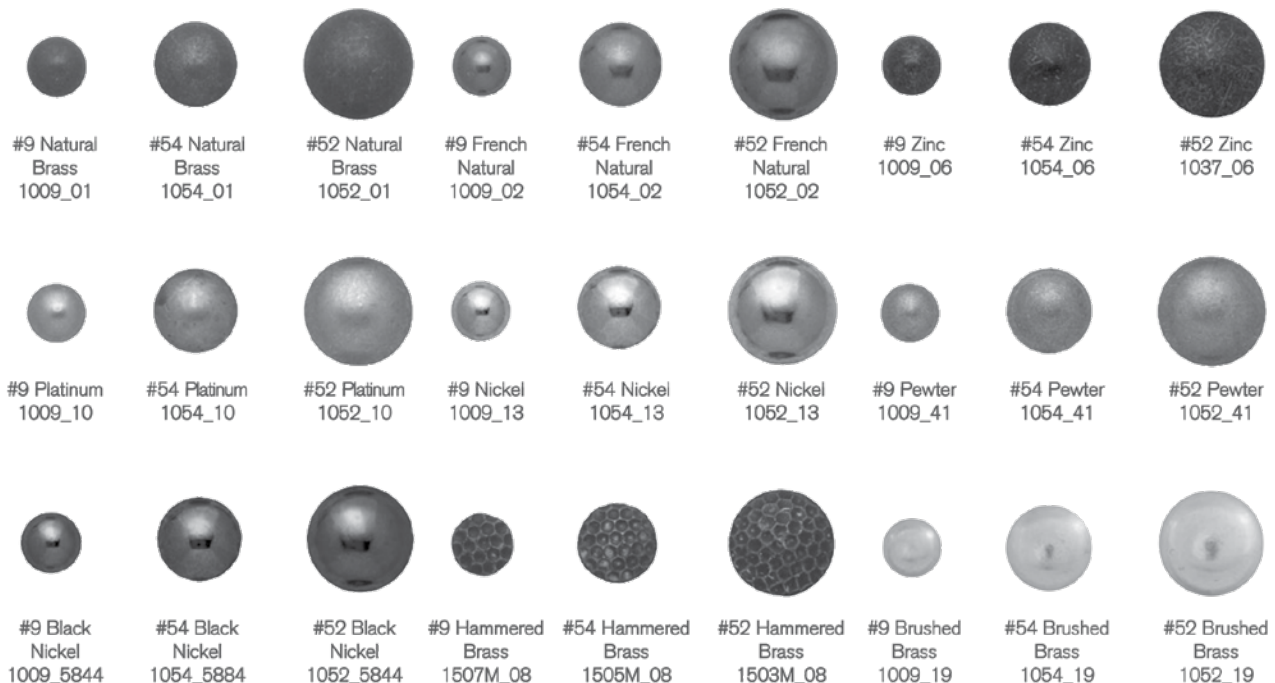

Custom Finish:

A sample must be submitted to prepare a strike off. Kravet Furniture researches each request and reserves the right to refuse an unsuitable finish. Pricing for an accepted strike off and finish application will be provided upon acceptance of the custom request.

Codes:

All Kravet Furniture meets TB117-2013. All other codes can be met, please call for a quotation.

EXOTIC WOOD OCCASIONALS

- Each piece is hand crafted and finished to order in the U.S.A.
- Each veneer is hand selected.
- Grain and color variations are natural and to be expected.
- Each veneer and finish are unique to the item as indicated.
- Each piece is hand rubbed to a high lustrous sheen. A lower sheen is not recommended.
- Each piece is standard as shown; however, a custom size request may be submitted.
- Kravet furniture intends to be in stock at all time however items may be backordered in production from time to time. We apologize for any inconvenience.

EXOTIC MATERIAL OCCASIONALS

Exotic Occasional Bases:

Brass is plated and coated with lacquer sealer.

Brushed Steel is enhanced with a glaze to highlight the raw steel surface and is then coated with a lacquer sealer.

Exotic Material Tops:

Note that tops are created using natural products and or by hand techniques and will vary from piece to piece.

They are unique.

Black Mother of Pearl is actual pieces of crushed shell that are applied to the top panel using adhesives and resins to secure it in place. The surface is polished smooth.

Faux Shagreen is a resin material. It is put into a mold that has been made by using real shagreen (skin of stingray or shark). This process leaves the impression of the skin's natural texture. It is hand stained and finished to look and feel like a natural hide.

Crystal Stone is the name we have given to a quartz or quartzite stone top. The stones are sliced into flat irregular tiles that are placed on a panel like a jigsaw puzzle with smaller and smaller pieces filling in the gaps. The final process is to apply a resin filler into the cracks between these pieces. It is then polished smooth.

COMPOSITE OCCASIONALS

Composite Occasional Bases:

Black Chrome bases are stainless steel that are plated in black chrome and polished.

Acrylic bases are polished and clear.

Composite Occasional Tops:

Note that tops are created using natural products and or by hand techniques and will vary from piece to piece.

They are unique.

Natural Blue Black Agate Composite is created by solid chunks of agate that are sliced and pressed into a resin mixture containing smaller chunks and pieces of agate to fill in the gaps. The form is then cut and polished smooth.

Natural Quartz Composite is created by solid chunks of quartz that are sliced and pressed into a resin mixture containing smaller chunks and pieces of quartz to fill in the gaps. The form is then cut and polished smooth.

METAL OCCASIONALS

Each piece is hand-crafted and finished to order in the U.S.A.

Metal Occasional Bases:

These occasional tables feature metal frames that are handmade and unique. Each frame has elements that are fabricated with different processes that include forging, bending, and hammering. These processes require the steel to be heated in order to be shaped. This heating process causes oxidization on the surface of the steel. When the piece is shaped, some of that oxidized metal will flake off and leave a surface texture. This is called scaling. It is normal and considered to be a natural effect of true forged metal.

Once welded, the frames are powder coated for durability. The next step is a hand applied glaze and a final lacquer sealer.

Metal Occasional Tops:

Note the tops are created using natural products and/or by hand techniques and will vary from piece to piece. They are all unique.

Clear Glass

Our standard tops are 3/4" non-tempered glass. The edges have been squared flat and polished.

Fusion Glass

Fusion glass is 4 layers of glass that have been heated in a kiln and fused together creating one solid piece. This process creates great contrast and depth within the glass. Our tops are 2" thick and this is a premium option.

Burlap in Laminate

Burlap Laminate is a piece of trimmed burlap encased in two pieces of 3/8" glass. Overall thickness is 3/4"

Maple

Our standard Maple, Wormy Maple, also called Ambrosia Maple, is notable for its beautiful, contrasting grain pattern with distinct markings and worm holes created by the Ambrosia beetle. The tops are considered naturally distressed due to the natural condition of wood and worm holes. Please bear in mind that woods have grain and color variations caused by the growth pattern of each tree which may cause the finish on each piece to differ slightly.

Our Maple tops have two options for surface finish

Natural Distressing -

Highlights the natural characteristics of the wood with no artificial distressing added. The top is sanded to a smooth finish with the worm holes left open. This is the standard option.

Hand-Planed Distressing -

Planed by hand to create slight undulations in the surface of the wood. The resulting worn look is both authentic and "consistently inconsistent". This is available for an upcharge on wood tops.

Coco Bronze Granite

Coco Bronze Granite is a richly-colored, dark granite top features a beautiful, mottled pattern of blue, green, and bronze splashes. The pattern and colorations will vary from piece to piece; no two will match exactly.

Carrara Marble

Carrara Marble is a type of white or blue-grey marble of high quality. The veins and colorations will vary from piece to piece, no two will match exactly.
