Finley Desk

The original inspiration for this desk was purchased for a client of Bunny's who wanted her home to have a mix of furniture styles. With its clean-lined Parsons form, this desk feels modern, but the two-toned stripes of rosewood and sycamore veneer gives it more character than your typical mid-century piece. A concealed pencil drawer adds functionality.

60"W x 28"D x 30"H.

- Hand-applied two-toned rosewood and sycamore veneer.
- Concealed pencil drawer.
