

HOWARD CONSOLE

Inspired by the robust, architectural furniture of polymath designer William Kent, our Howard console, made of sustainably sourced teak, features a honed light-marble top above a beautifully articulated apron with quatrefoil-like carvings, supported by diamond trellis carved legs. Exposure to the elements will help reveal teak's graceful ability to silver with time.

DIMENSIONS

60" W x 24" D x 34" H

ADDITIONAL INFORMATION

This piece is crafted from sustainably-sourced teak, which starts out as a warm, natural wood color (as shown) and turns a beautiful silvery-gray over time when exposed to the elements. Suitable for use indoors or on a covered porch, loggia, or veranda. Natural variations in veining, quartz lines, and earth marking should be expected in marble top.

Part of the Treillage collection for Bunny Williams Home.
