## PERCIVAL SIDE TABLE

Inspired by the rich, dark lacquered elegance of the Aesthetic Movement, our new table is a masterclass in balancing moody tones with lively, artful details. With two roomy drawers and a handy shelf, it's not just stylish—it's smart, too. The geometric detailing has that perfect blend of familiarity and worldly sophistication, like it's picked up a few secrets from travels abroad. This piece doesn't just sit by your bed; it brings a touch of cultured charm to your space.

### DIMENSIONS

28"H x 31"W x 21"D
