RADNOR DESK

White is a neutral, but as a finish can feel overbearing without refinement. Our Radnor desk features a beautiful milk-white finish with visible wood grain. Semi-translucent light gray speckling, as might be found on a Seagull's egg, adds depth and character. The legs and stretchers feature an unusual fretwork pattern with a contemporary feel, and sit atop playful ball feet.

DIMENSIONS

60" W x 28" D x 30" H
